Privacy Surface Pro 7/6/4

Article number: 4108315

Protect important data and documents from unauthorised, prying eyes.

This privacy screen helps to protect sensitive data and personal information, and in this way enables relaxed work while on business trips as well as in public places. Micro-slats darken the picture smoothly, without stripes and make it impossible for others to see texts or pictures on the display from the side. In addition, the film protects the display from dirt, scratches or fingerprints. The supplied mounting tape makes the protective filter easy to attach and just as easy to remove again.

- Self-adhesive, precision-fit privacy filter the Microsoft Surface Pro 7, Surface Pro 6, Surface Pro (2017), Surface Pro 4 and Surface Pro 3
- Smooth transition from clear to blocked view
- Protects against scratches, dust and other impurities
- Protects documents and data from prying eyes
