Multifunctional and universal microphone arm with integrated USB hub

A microphone arm provides you with the space necessary to be able to speak into the microphone while actively using the mouse and/or keyboard. For this reason, the CHERRY MA 6.0 UNI USB is especially recommended for live streams, gaming videos or video conferences. It is made entirely of aluminum and can be conveniently attached via a table clamp. Thanks to its joints, the microphone holder can be easily adjusted and the microphone optimally positioned.

The "UNI" addition speaks for itself and clarifies how universally the microphone arm can be used: A variety of USB microphones are compatible with the arm, not just microphones from the CHERRY UM MICROPHONE SERIES. The existing 3/8" threaded connection can be easily extended with the included 5/8" adapter. With a net weight of 1,015 g, the mic arm stably holds USB microphones of up to 800 g in position.

Furthermore, the arm has a built-in USB hub with two ports (5V/2A). This allows another device to also be connected in addition to the USB microphone. On top of that, a total of four connection cables are included with the CHERRY MIC ARM 6.0 UNI USB, which means you are well equipped for all eventualities: USB-A to USB-B, mini-USB, micro-USB and USB-C

With the CHERRY MA 6.0 UNI USB, tangled cables are a thing of the past. A 2.5 m USB cable has been routed inside the arm, which means you can keep your workspace tidy at all times.

The most important advantages

- Extremely stable microphone arm made of aluminum in classic black with table clamp (up to 60 mm)
- Swivel arm allows set-up at any angle
- Built-in USB hub with two ports (5V/2A) provides connectivity for multiple USB devices
- 2.5 m USB cable integrated
- 3/8" threaded connector with extra 3/8"-to-5/8" adapter included
- Maximum load of up to 800 g
- Four connection cables included: USB-A to USB-B, mini-USB, micro-USB and USB-C

Technical specifications

Housing color:
Black
Weight (product):
approx. 1015 g
Total weight (with packaging):
approx. 1467 g
Storage temperature:
–5 °C to 55 °C, max. 85% humidity
Operating temperature:
0 °C to 50 °C, max. 85% humidity

Scope of delivery:

- MA 3.0 UNI
- USB-A to micro US-B cable
- USB-A to mini US-B cable
- USB-A to USB-B adapter
- USB-A to USB-C cable
- 3/8"-to-5/8" adapter

Product dimensions:

approx. 1120 x 80 x 58 mm

Packaging dimensions:

approx. 543 x 150 x 115 mm

Packaging unit:

Number of products in outer package 4

Number of outer packages per palette: 16
