ViewMate Style Beamer Mount 582

The ViewMate Style Beamer Mount 582 is designed to mount nearly all beamers or projectors to the ceiling using the freely-adjustable mounting brackets. The beamer mount comes with both a height-adjustable mount as well as a fixed height variation, enabling it to be mounted almost everywhere. The adjusting mechanism of both variants has multiple joints that allow precise adjustments.

- Height adjustable (555-855mm) over 6 steps of 50mm
- Includes short (185mm) fixed height variation
- Attaches nearly all beamers / projectors to the ceiling
- Also suitable for a slightly sloping ceiling
- Joints Adjustable $+90^\circ$ / -90° and $+45^\circ$ / -45°
- 360° Rotatable
- Strong steel construction
- Excellent price / performance ratio
- Maximum load 15kg
- All necessary mounting screws, washers, nuts, bolts and wall plugs supplied
