

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

Slim Backpack 39.6cm/15.6"

Article number: 4669467

The main material consists of 100% recycled material, more precisely R-PET polyester made from recycled PET bottles. Depending on the size of the backpack, 4 to 5 plastic bottles are reused to make one backpack.

ARTICONA gives the plastic of the used bottles a „second life“ by reusing this resource. As a result, the plastic bottles do not end up as waste in the ocean but are turned into backpacks. A second life to serve a good cause and protect your work equipment.

How recycled and dyed polyester, as used in this product, can itself be recycled and reused, so that the „third“ and „fourth Life“ of the raw material can also be achieved, is still a matter of scientific research (July 2022).

With this ARTICONA backpack, we are participating in the circular economy through the verifiable use of recycled materials, as far as it is currently possible. Are you in?

- Lightweight backpack for notebooks and tablets up to 39.6 cm (15.6")
- 2 in 1: the backpack has detachable shoulder straps that can be easily hidden in the back so that the product can also be carried as a bag
- Modern, simple design in dark grey
- Optimum storage space in a slim shape: wide-opening main compartment for documents with integrated, separate notebook compartment and integrated, separate tablet compartment including spaces for small parts, spacious front compartment for documents or accessories, and another front compartment for accessories and small parts
- Ergonomic shoulder straps and padded back for comfortable carrying
- Reliable metal details to adjust the shoulder straps
- Reinforced bottom protects the backpack from wear and tear, dirt, and water on the underside
- Double zip on the main compartment
- Trolley fastening strap on the back
