

BRIGHTEN YOUR VIEW
#GOMOTOG

**Brilliant 6.4" Full HD+
OLED display**

Bring your favorite movies, videos, and games to life on a sharper, more vivid display.

36 hours² of battery life

Enjoy life on the go without stopping to recharge charge thanks to a 5000 mAh battery.

64 GB³ built-in storage

Get plenty of room for photos, movies, songs, apps, and games—and add up to 1 TB more storage with a microSD card.

**50 MP¹ triple camera
system**

Capture sharp and bright photos in any light—from the biggest moments to the tiniest details.

**Ultra-responsive
performance**

Play epic games, stream videos, snap pics, and chat with friends—without missing a beat.

**Distinctive, water-
repellent⁴ design**

Enjoy the look and feel of a beautifully curved design while keeping it safe from spills and splashes.

¹ The 50MP sensor combines 4 pixels into 1, for an effective photo resolution of 12.5MP. ² All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. ³ Available user storage is less due to many factors, including operating system, software and functions utilizing part of this capacity; may change with software updates. ⁴ Water-repellent design creates a barrier to help protect against moderate exposure to water such as accidental spills, splashes or light rain. Not designed to be submersed in water, or exposed to pressurized water, or other liquids; may diminish over time. Not waterproof. ⁵ Supports up to 1TB microSD card, microSD cards sold separately. Content with DRM restrictions may not be able to be moved to the card.
