

IEC Mains Lead USA, black, 2m

Part No.: 30338

Description

- US 3 Pin Plug to IEC C13
- Fully moulded
- Total length: 2m
- Colour: Black
- 10 year warranty

These LINDY power cables are perfect for use in professional areas (recording studios, light systems and also for event locations of any kind, etc.) – but you can also use them in private sections.

Due to the high temperature resistance from -10 to 70°C during operation these cables can also be used in non air-conditioned areas.

Note: Cables with IEC C13 sockets such as this are sometimes known by the generic term 'kettle lead'.

Even though this term is commonly used, technically it is incorrect as a kettle requires special IEC C15/16 connectors rated at 120 degrees. So, although they look similar, a 'real' kettle lead features a connector with a cut out on the top.

Standard IEC C13 cables cannot be plugged into kettles!

Technical details

- Connector A: US Mains Plug
- Connector B: IEC C13
- Cable type: 18AWGX3C, 0,824mm²
- Number of wires: 3
- Wire cross-section: 0.824mm²
- Available lengths: 2 - 5m
- Operating temperature: ca. -10 to 70°C
- Storage temperature: ca. -25 to 70°C

Note: Only for the use in dry areas!
