Weight (lbs)	2.2
Material	Steel

Key Features

- Sleek metal frame
- Quick keyed access
- Compatible with VESA 100X100 and VESA 75X75
- Exposed front and back cameras and sensors

Product Description

The Apex Galaxy tablet enclosure blends a sleek metal frame with practical features tailored for business use, such as quick keyed access and charging cable access. Its design guarantees that the tablet's front and back cameras, as well as sensors, remain exposed for seamless functionality, thereby enhancing user interaction. With the option for direct wall mounting, the Apex offers versatility and security, making it an ideal solution for displaying tablets in any business setting.
