

## Office keyboard, bluetooth

00125136 "Travel 450" Bluetooth® Mini Keyboard, Folding, Wireless, blk, QWERTZ DE

### Highlighttext:

- Small keyboard in ultra-slim design with fold function: this folding mini keyboard with Bluetooth connection is always to hand and can be used anywhere - wireless and ideal for mobile devices such as tablets and smartphones
- Super-small keyboard marvel: thanks to the slimline design, the mini keyboard with Bluetooth connection is always to hand, fitting easily into any jacket pocket
- Smart travel format with a hinge: simply open up the folding keyboard and place it wherever you want, fold it up and pop it away again - ideal for comfortable working with all Bluetooth devices
- Stable mini keyboard for every eventuality: robust folding cover for the perfect all-round protection - protecting the sensitive keys, especially when on the move
- Handy protective case for the folding keyboard: magnetic clasp for secure closure of the mobile keyboard - so it only opens when it should
- Maximum compatibility: the small Bluetooth keyboard can be used anywhere - if necessary for smartphones, laptops and desktop PCs with a Bluetooth receiver too
- Powerful and rechargeable: the integrated lithium polymer battery in the wireless keyboard guarantees maximum flexibility
- Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds
- Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings
- More productive with artificial intelligence: Assist button activates the cross-program AI assistant
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
- Especially compact and always handy: the 65% keyboard without number block saves space and, as a mini keyboard, meets all the requirements for mobile working on all devices, when studying, in the home office and also for life on the move
- The laser-printed keys on the wireless keyboard ensure excellent wear resistance
- Reliable Bluetooth technology with a range of 10 metres (depending on conditions of use and environment)
- Pair the keyboard with a Bluetooth device and get typing: no driver installation required
- Separate On/Off switch for the wireless keyboard
- Standby mode after 10 minutes of inactivity of the wireless keyboard
- 80-cm charging cable: carry on working on the mini keyboard even while charging

### System Requirements:

- All functions can be used with the Windows 11/10 operating systems
- May be usable to a limited degree with the MacOS 11 or later, iOS 14 or later, iPadOS 14 or later or Android 8.0 or later operating systems
