- 1.0µm pixel size, f/2.45, 5P lens
- Time-lapse selfie

Display & Design

120Hz AdaptiveSync display 6.67" FHD+ DotDisplay, 20:9 aspect ratio

- AdaptiveSync display: 30Hz/48Hz/50Hz/60Hz/90Hz/120Hz
- Color gamut: NTSC 84% (typ)
- Color contrast ratio: 1500:1 (typ)
- Brightness: 450 nits (typ)
- TÜV Rheinland Low Blue Light certification
- HDR10 certification
- 360° ambient light sensor
- Reading mode 3.0, Sunlight display 3.0
- Corning® Gorilla® Glass 5 front and back
- Colors*: Atlantic Blue, Pearl Gray, Rose Gold Beach
- Dimensions: 165.38mm x 76.8mm x 9.0mm
- Weight: 214.5g
- Splash-proof protection

Audio

- Dual speakers
- Hi-Res Audio certification

Performance

- Qualcomm[®] Snapdragon[™] 750G, high-performance 5G** processor
- 8nm process technology
- Kryo[™] 570 CPU, Octa-core CPU, up to 2.2 GHz
- Adreno™ 619 GPU
- 6GB+64GB, 6GB+128GB*
- LPDDR4X RAM
- 6GB+64GB: UFS 2.1 storage; 6GB+128GB: UFS 2.2 storage
- LiquidCool Technology
- Z-axis linear vibration motor

Battery and charging

- 4,820mAh (typ) high-capacity battery
- 33W wired fast charging
- In-box charger: 33W

Connectivity

- Dual SIM, dual standby***
- Bands:
- 2G: GSM: 2/3/5/8 - 3G: WCDMA: 1/2/4/5/8
- 4G: LTE FDD: 1/2/3/4/5/7/8/20/28/32
- 4G: LTE TDD: 38/40/41
- 5G: Sub6G: n1/n3/n5/n7/n8/n20/n28/n38/n41/n77/n78
- Multi-functional NFC and IR blaster
- USB Type-C

Security

- Side-mounted fingerprint sensor
- Al face unlock

It's time to glow up with the ultra-clear 64MP quad camera

Mi 10T Lite offers one of the segment's most elite photography experiences with an outstanding quad camera setup featuring an ultra-clear 64MP primary camera, ultra-wide camera, depth sensor, and macro camera. At the forefront of smartphone camera innovation, Xiaomi also managed to sneak in a swath of fabulous photography software tools, including Long exposure mode, Time-lapse selfie, Timed burst and Dual Video that'll keep you looking as fly as you feel.

Make "smooth" part of your daily routine with Mi 10T Lite's 120Hz AdaptiveSync display

In addition to accommodating a leading 120Hz refresh rate, Mi 10T Lite takes it a step further by adjusting content automatically for a top-notch viewing experience — from enjoying your favorite movie at 48Hz to watching TV series at 50Hz, to streaming videos at 30Hz or 60Hz, to scrolling social media feeds or gaming up to 120Hz. And with Reading mode 3.0, your eyes can rest easy and enjoy the show.

Unleash your creativity with Qualcomm® Snapdragon™ 750G

Qualcomm[®] Snapdragon[™] 750G made its debut on Mi 10T Lite, which offers peak power efficiency, performance, and 5G** connectivity. The stellar chipset enables faster connections, optimized gaming, and better image processing at a 5G** price point you won't find anywhere else. Why settle for anything less?

Ultra long-lasting 4,820mAh (typ) battery and 33W fast charge

Mi 10T Lite lets you push the limits with a mighty 4,820mAh (typ) battery. When you do need to juice up, you won't miss a beat thanks to exceptionally fast charging via the included 33W wired charger.

^{*}Availability may vary between markets.

^{**5}G connectivity will vary based on local operator capabilities

^{***}Availability may vary between markets. Supports dual 4G standby, single 5G standby. 5G + 4G will be available over OTA.
