

## Portégé Z30-E-15X

## Premium performance; portability without compromise

The 33.8 cm (13.3") Toshiba Portégé Z30-E makes light work of the most demanding days, packing professional performance with full-size ports into a durable design. It was made to keep business moving. With up to an 8th generation Intel® Core™ processor and long-lasting battery, you can power through multiple tasks with ease. And the laptop's ultra-durable magnesium chassis, which has been rigorously drop and spill-tested by the independent German test institute, TÜV Rheinland®, means you can work confidently wherever the day takes you. As well as high-level security and manageability technologies, you also have the option of a built-in SecurePad with fingerprint reader - giving an added layer of protection for your business-critical data. What's more, with a range of full-size ports and common features across our entire business line-up, you can be sure of a consistent, compatible and customisable solution right across your company. Built to perform and designed to move, the ultra-light Portégé Z30-E offers premium performance in any setting.

Thin and durable

Dedicated docking

Full magnesium chassis

Exclusive Toshiba BIOS

Full-size port layout

\* Spill-resistant keyboards help protect your data from accidental spills up to 30 ml, allowing you 3 minutes shut down time to save your data. Drop-tested up to 76 cm. Pressure-tested to examine the functionality of the laptop and usage of the LCD screen, after being placed underneath 100 kg for 10 seconds.

# Portégé Z30-E-15X
