

Bluetooth-Headset

00210600 Bluetooth® Headphones, In-Ear, True Wireless, Microphone, white

Highlightstext:

- True wireless headphones for wireless listening pleasure and comfortable telephone calls
- Remote function for controlling music (Pause/Play/Forward/Rewind), if supported by the telephone
- Integrated telephony function with call pick-up and microphone for smartphones
- Bluetooth at its best: maximum freedom of movement
- Outstanding sound quality
- Especially lightweight earphones: 4g
- Secure and comfortable grip in the ear thanks to in-ear design
- Silicone ear pads in three sizes (S, M, L)
- IPX4 - all-round splash protection for the earphones
- Music control functions (play/pause)
- Smartphone function can be controlled via touch control (e.g. accept / make / reject calls / last number redial)
- Supports existing voice assistants such as Siri or Google Voice Assistant
- Volume can be controlled via voice assistants
- Music time: 4 h with a fully charged headset
- Talk time: 4 h with a fully charged headset
- With the charging station, the headset can be charged up to 3x while on the move - thanks to the integrated battery without external power supply

Note for Consumers:

To pair the earphones with the smartphone via Bluetooth, both earphones must be taken out of the charging tray and paired on the first connection. If this does not happen, only one earphone will pair. Follow the instructions for use.
