

## Auto-Tracking Stand Pro with DockKit

Attach your iPhone to our Auto-Tracking Stand Pro with DockKit for an instant camera operator and 15W of fast wireless charging. Simply pair via NFC – no third-party app required – and you're ready to FaceTime or record amazing motion-tracked videos and compelling content with DockKit's motorized auto tilt and 360° rotation. A power supply is included (except qc sku), and the dock's integrated rechargeable battery offers up to 5 hours of continuous use when fully charged.

### Product Benefits
