Product Name with Tag Line

SpaceMouse Wireless Kit 2 – The Mobile CAD Solution

Product Copy – Short

Combining top performance and ultimate mobility, the SpaceMouse Wireless Kit 2 delivers a productivity ecosystem that simply cannot be recreated using a regular mouse and keyboard. 3Dconnexion's renowned "two handed workflow" features the iconic SpaceMouse Wireless along with CadMouse Compact Wireless for the most seamless professional experience. It is the best natural, ergonomic and agile workstyle for professionals on the go; a true wireless solution.

Product Copy – Mid-Length

Combining top performance and ultimate mobility, the SpaceMouse Wireless Kit 2 embodies 3Dconnexion's renowned "two handed workflow" by offering a productivity ecosystem featuring the iconic SpaceMouse Wireless along with the CadMouse Compact Wireless, for the most seamless and agile professional design experience.

SpaceMouse Wireless allows design and engineering professionals the functionality to navigate efficiently in 3D applications, wherever they are. The 6-Degrees-of-Freedom (6DoF) sensor facilitates effortless manipulation of digital content and camera positions within applications. In addition, it allows access up to eight programmable commands via a radial menu. Users can work wirelessly using a Universal Receiver or wired via USB cable. The battery offers long-life connectivity for up to one month without charging*.

Lightweight and agile, the CadMouse Compact Wireless is especially suited for users who prefer a compact form factor for their hand size and on-the-go workstyle. Featuring advanced ergonomics such as its middle mouse button despite the compact size and a redesigned mouse wheel, the wireless mouse guarantees ideal sensitivity, reactivity, and precise control which provide a seamless professional experience. With up to three months of use without charging*, triple connectivity and a bespoke carry case, CadMouse Compact Wireless is for users desiring reliable wireless technology and ergonomics in their on-the-go working experience.

CadMouse Pad Compact is designed to maximize the CadMouse Compact Wireless experience by offering a small workspace footprint. Created to optimize smooth movement, with a low-friction surface and three-layer construction for premium stability, CadMouse Pad Compact maximizes 3Dconnexion's refined precision technology.

*Battery life based on 8 hours per day, 5 days per week.

SpaceMouse Wireless Kit 2 – The Mobile CAD Solution

The SpaceMouse Wireless Kit 2 delivers 3Dconnexion's renowned "two handed workflow" by offering a productivity ecosystem featuring the iconic SpaceMouse Wireless along with CadMouse Compact Wireless, for a seamless and agile design experience.

SpaceMouse Wireless – Advanced 3D Navigation Anywhere

SpaceMouse Wireless offers professionals the functionality to navigate efficiently in 3D applications, wherever they are, with the reliability of a wired 3D mouse. Offering two connectivity options, SpaceMouse Wireless users can work wirelessly via Universal Receiver for up to one month[1] or with a USB cable while charging the device.

The 6-Degrees-of-Freedom (6DoF) sensor allows effortless, precision manipulation of digital content and camera positions in CAD applications with a simple push, pull twist or tilt of its controller cap to intuitively pan, zoom and rotate 3D drawings. This leaves the other hand free to simultaneously use CadMouse Compact Wireless to select, create or edit models.

[1]Battery life of up to one month based on 8 hours use per day, 5 days per week.

The two-button layout of SpaceMouse Wireless allows access to a radial menu where users can create or use up to eight customizable or preset application commands via 3Dconnexion's simple yet powerful 3DxWare 10 software[2], the single driver foundation for all 3Dconnexion devices.

[2]Only with 3DxWare 10. Driver update may be required.

CadMouse Compact Wireless – Designed for the Mobile CAD Specialist

Benefiting from the CadMouse family's ergonomic and technological refinements, CadMouse Compact Wireless promises top-level wireless performance in a conveniently compact body. Lightweight and agile, it enjoys a meticulously redesigned mouse wheel, features new intuitive and predictive capabilities, and has maximal durability.

With a high-precision, energy saving optical sensor, it provides high performance for up to two months without needing a recharge*.

CadMouse Compact Wireless comes with a dedicated middle mouse button and demonstrates Smart Mouse Wheel 2 innovative redesign as well as its upgraded Smart Scroll capability, which include various modes as well as zooming functions that are exclusively conceived for design and engineering professionals in mind.

CadMouse Compact Wireless offers three ways to connect, utilizing 3Dconnexion's Universal Receiver, Bluetooth or USB cable while charging.

*Battery life based on 8 hours per day, 5 days per week.

CadMouse Pad Compact – Space-Saving Precision and Stability

CadMouse Pad Compact maximizes the CadMouse Compact Wireless experience, while offering a small workspace footprint. Its micro-textured coating compliments the low-friction PTFE feet of CadMouse Compact Wireless, generating effortless precision and control. The surface enhances the tracking qualities of the optical sensor, creating a greater connection between user and cursor. The three-layer build ensures a durable, long-lasting, stable mouse pad that will not slip during use.

Universal Receiver – One receiver, five devices

With USB slots increasingly rare on modern laptops, the 3Dconnexion Universal Receiver creates room for up to five wireless 3Dconnexion products in one device.

3DxWare 10 – The Foundation of your 3Dconnexion Experience

3DxWare 10 provides a comprehensive single-driver solution for the SpaceMouse Wireless, CadMouse Compact Wireless and all other 3Dconnexion products. Its simple yet powerful user interface allows you to customize and optimize each product according to your needs.

Two Convenient Carry Cases

Mobile products need protection on the move. Both SpaceMouse Wireless and CadMouse Compact Wireless come with stylish, protective cases to keep your devices safe from harm during transport.

Features and Functions

SpaceMouse Wireless

- Advanced 3D Navigation
- Wireless and cable connectivity
- Rechargeable battery lasting up to 1 month between charges
- 2 programmable buttons
- Compact footprint for small workspaces
- Brushed steel base for device stability
- Lightweight and durable carry case

CadMouse Compact Wireless

- 7 buttons (including dedicated middle mouse button, 5 programmable buttons)
- High resolution, energy saving optical sensor
- Compact ergonomic design
- Triple connectivity: wireless with Universal Receiver, Bluetooth or cabled
- Rechargeable battery lasting up to two months between charges
- Specially developed PTFE feet
- Customizable radial menu
- Smart Mouse Wheel 2
- QuickZoom
- Lightweight and durable carry case

CadMouse Pad Compact

- Optimized surface coating
- Micro-textured finish
- Non-slip silicone base

3Dconnexion Universal Receiver

- 2,4 GHz for real-time connection
- Support for five 3Dconnexion wireless devices
- Small size

Technical Specifications

SpaceMouse Wireless

- 3Dconnexion® Six-Degrees-of-Freedom (6DoF) sensor
- 3Dconnexion® 2.4GHz wireless technology
- Rechargeable lithium polymer battery with 1100 mAh
- Dimensions (LxWxH): 78 x 78 x 53 mm / 3.07 x 3.07 x 2.09 in
- Weight: 450 g / 15,87 oz / 0.99 lbs

CadMouse Compact Wireless

- Optical sensor with 7200 DPI
- Rechargeable lithium polymer battery with 1100 mAh
- 3Dconnexion® 2.4GHz wireless technology
- Bluetooth® Low Energy
- Adaptive polling rates with 90Hz (Bluetooth), 125Hz (Universal Receiver) and 1000Hz (cabled)
- Dimensions (LxWxH): 110 x 67 x 38 mm / 4.3 x 2.7 x 1.5 in
- Weight: 110 g / 3.88 oz / 0.24 lbs

CadMouse Pad Compact

- Width: 250 mm / 9.8"
- Length: 250 mm / 9.8"
- Approximate Weight: 120 g / 4.23 oz / 0.26 lbs

3Dconnexion Universal Receiver

- 3Dconnexion® 2.4GHz wireless technology
- Dimensions (LxWxH): 18 x 14 x 6 mm / 0,71 x 0,55 x 0,24 in
- Weight: 1,8 g / 0,06 oz / 0.004 lbs

Supported Operating Systems

Microsoft Windows, macOS
More information

Package Contents

- SpaceMouse Wireless with carry case
- CadMouse Compact Wireless with carry case
- CadMouse Pad Compact
- 3Dconnexion Universal Receiver
- Braided USB-C cable 1.5 m
- Braided Micro USB cable 1.5 m

Certifications and Registrations

SpaceMouse Wireless
