

Conference, seamlessly

World's first wired collaboration keyboard for Zoom and Microsoft Teams*

Maximize meeting efficiency with built-in collaboration and Windows Copilot key¹, ensuring seamless conferencing and effortless collaboration.

Effortless collaboration

The built-in collaboration keys, compatible with both Zoom² and Microsoft Teams³, allow you to mute and unmute your microphone, toggle video on and off, share your screen, and access the chat panel seamlessly. Additionally, the built-in Copilot key¹ provides quick access to Copilot in Windows, your everyday AI companion.

Efficiency boost

Boost your workflow with customizable shortcuts and future-ready connectivity. With 15 programmable shortcut keys, access your most-used functions and applications instantly. Plus, Type-C and USB-A connectors ensure seamless compatibility with a variety of devices.

Comfort enhanced

The full-size keyboard design ensures a sleek and comfortable typing experience, while its low-profile keys provide silent operation, ideal for noise conscious users.

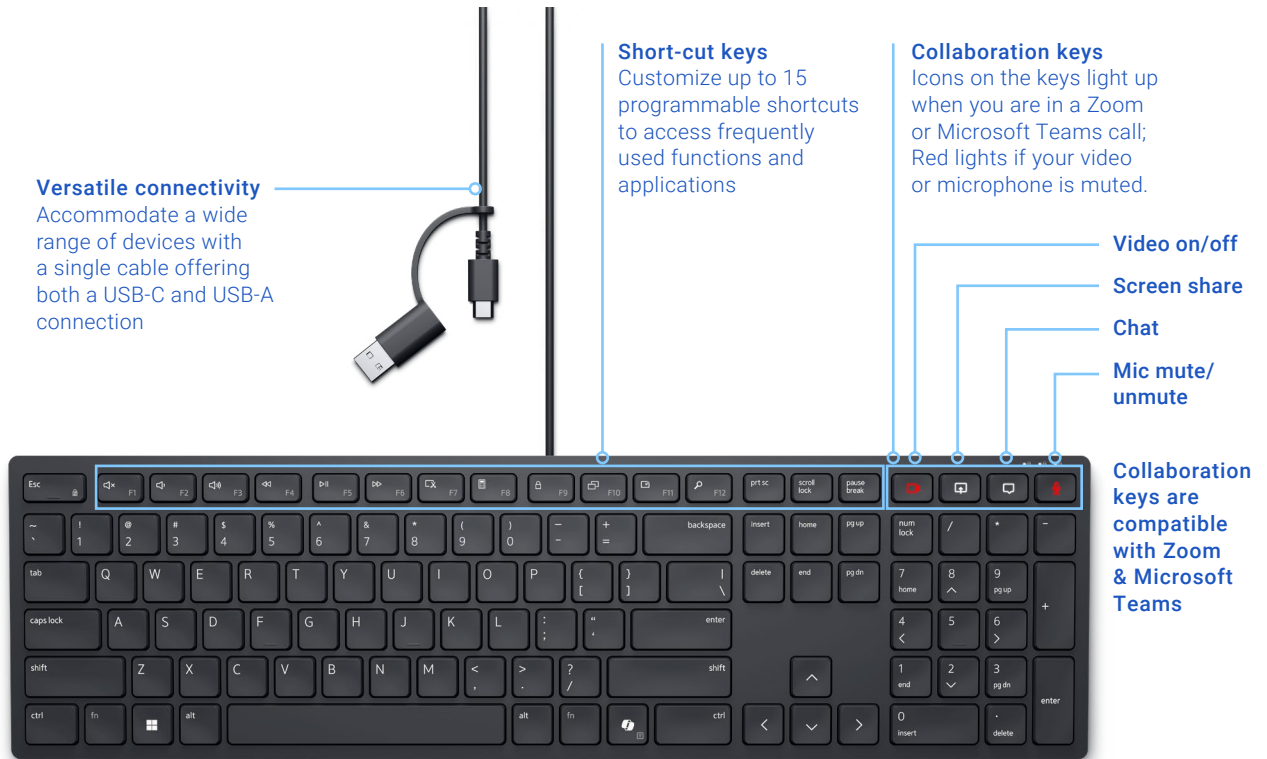

* Based on Dell analysis of publicly available information of competitive wired keyboards, April 2024.

¹ Use  key with supported Windows 11 devices; feature availability varies by device and market, see aka.ms/KeySupport

² Requires Windows OS with Dell Peripheral Manager (version 1.7.4 or later) and Zoom (version 5.9.3 or later).
