Product Description

If you're looking for an easy-to-use plug-and-play USB-C docking solution that offers speed, power and the flexibility to connect up to three monitors, the SD4849Pv USB-C Triple Video Driverless Docking Station is the ideal solution. No drivers, downloads or updates necessary - just plug it in and go. 100W Power Delivery keeps your laptop charged, while 10Gbps transfer speed ensures productivity is never compromised. With thirteen ports in all, you'll have the flexibility to add multiple devices without additional dongles or adapters.

Features

- Best For: Any USB-C laptop running Windows 10 or later

- Connection Technology: USB-C

- Power Delivery: Supports USB-C PD 3.0 (100W of laptop charging)

- Compatibility: Windows 10 or later

- No. of Monitors Supported: 3

- Video Ports: 2 x HDMI, 1 x DP1.4++ and 1 x VGA

- Maximum Resolution Supported: Single or Dual 4K @ 60Hz and Triple 4K at 30Hz when connected to a DP1.4 HBR3 device with DSC enabled. For VGA monitors, the maximum resolution supported in any combination is 1080p @ 60Hz

- Plug & play installation, though installation of Kensington DockWorks™ software is recommended for the best connection, performance and security from your Kensington universal docking station

- System Requirements: Driverless - no firmware or software required for setup

- Warranty: 3 Years
