

## Telephone Adapter

### 00044516 TAE Splitter, 6p4c modular plug - 3 TAE-NFF sockets

**Highlightstext:**

- For connecting terminal equipment (up to three analogue devices) to a modular socket
- E.g. two telephones and one answering machine e.g. to a VoIP router and adapter, ISDN systems, etc.

**Note for Consumers:**

If telephones are plugged in both F sockets, these are connected in parallel which means that monitoring is possible. Please pay attention to the connection instructions provided by your network operator or system manufacturer concerning this topic and make sure that the privacy of all users is respected.

**Technical Details:**

- Connection: 6p4c Modular Plug/TAE-NFN Socket
- Model: TAE
- Colour: Black

**Scope Of Delivery:**

- 1 TAE splitter
