Segmentation	No

19" server rack with air condition 2500W

- assembled 19" rack
- with side refrigerator 2500 Watt
- Operating voltage V / Hz 230, 50/60
- Setting the plug-in system, can be dismantled
- Removable side walls
- Glazed front door
- Full rear door
- Lever handles lockable
- depth adjustable 19 "mounting angles
- earthing kit
- Roof module with cable inlet
- Base module with cable inlet
- Levelling
- Special channel system for selective air flow control
- Powder coated RAL 7035 light gray

Specifications Air unit:

- Cooling capacity: 300 to 4000 Watt
- Voltage: 230 V (50/60 Hz), 115 V (50/60 Hz) and 400/460 V 3-phase (50/60 Hz)
- Operating temperature range: 10 ° C to 55 ° C

options:

- filter
- Condensate Drain Kit
- Remote Monitoring System Comm board

Characteristics:

-
- IP 54 (internal circuit) / UL Type 12
 - Attractive design with plastic cladding, optimized airflow
 - Dust repellent Register for filterless operation
 - High efficiency rotary compressor
 - Active condensate management with heater
 - Easy to control with display for settings, status and alarm display
 - Door contact function
 - terminal block

Important note: The waste heat of the cooling unit is discharged into the surrounding space. Good ventilation and extraction system in the room is important.
