

Driver-Free BYOD
Screen Mirroring from
Huddle to Large Rooms

InstaShow® WDC25

InstaShow enables instant plug-and-play wireless presentations—no apps, drivers, or network setup required. Presenters—even guests—can access professional-grade presentations with a tap.

No Driver Needed

No drivers needed—just plug in and join online meeting instantly.

*Supports Windows, macOS, Linux, or ChromeOS systems.

No App Download Required

No software or app required—just plug in and instantly share content during your meeting.

No Network Setup Required

No complex network setup or IT help needed. Receiver, Multimedia Hub and Button pair automatically—just plug and play to start presenting instantly.

Direct Touch Control on Display

Control content right from the interactive display—no interruptions, just smooth and natural interaction.

3 Steps for One-Time Wireless Presentation Setup

Set up once—no need to rebuild for every meeting. Save time, cut support, and let presenters start instantly by plugging in.

Steps:

1. Connect display to Receiver via HDMI cable
2. Plug Button into presenter's laptop, tap the green button and share the content.
*Supports Windows, MacBook, or Chromebook systems.
3. Plug 2nd Button into another presenter's laptop for seamless content switching.
