

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

ARTICONA HDMI Splitter 1:2 4k

Article number: 4837594

Experience ultimate image quality and versatility with our HDMI splitter. This powerful splitter offers a resolution of 4K at 60Hz with HDR support for sharp and smooth images. The downscaler function can automatically adjust the 4K signal to 1080p if needed, ensuring compatibility with devices of different resolutions. Our HDMI splitter is the perfect solution for anyone looking to connect multiple displays to a single HDMI source device without compromising on image quality.

Highlights:

- HDMI Splitter with 4K 60 Hz and HDR
- Power supply via micro USB port
- EDID Auto, Copy, and Downscaler function for maximum compatibility when using different displays
- Robust aluminum housing
- Data rate of 18 Gbit/s
- Supports HDCP 2.2 and HDCP 1.4

Specifications:

Product type	Video splitter
