HARD DRIVE DOCK QUATTRO
DOCKING STATION / 2.5" & 3.5" SATA & PATA / USB 2.0 / FIREWIRE 400 / FIREWIRE 800 / eSATA

DOCKING STATION FOR 2.5" AND 3.5" HARD DRIVES

Have an older hard drive laying around after a system upgrade? Are you a system administrator who needs to install multiple new hard drives? Looking for a good solution to easily connect and use your internal hard drive? Look no further - the Freecom Hard Drive Dock Quattro provides the solution: a docking station that turns any internal 2.5" and 3.5" SATA hard drive into an external drive. Simply click your internal hard drive in the dock, and it instantly becomes available to you. It will show up as a separate driveletter in your operating system, just like any other external device that you connect to your computer.

You can connect the Freecom Hard Drive Dock Quattro to all computers and Macs thanks to the four different connections: USB 2.0, eSATA, FireWire400 and FireWire800. Either of these connections ensure speed and ease of use. There is simply no easier way to install and use an internal drive. An intelligent and convenient storage solution - by Freecom.

EXTERNAL DOCKING STATION FOR SATA HARD DRIVES

• Easy to use and easy to install docking station for all internal 2.5" and 3.5" SATA hard drives
• Fast and safe way to use your internal drive as an external hard drive, without having to open your computer or an external enclosure
• Quattro! Four interfaces: USB 2.0 / FireWire400 / FireWire800 / eSATA
• Perfectly suited for both professional and home use
• Ideal for software or drive-image installations, quick formatting or erasing data and making backups
• No cooling fan ensures quiet operation
• Compact size, only 13.6 x 9.5 x 7.7 cm, does not take up much space on your desk
• Two years manufacturer's warranty and unlimited free helpdesk support

GIVE YOUR OLD HARD DISK A NEW LEASE OF LIFE

Do you have an old internal hard drive lying around? No idea what is stored on it or where to use it? Take the Freecom Hard Drive Dock Quattro and give your hard disk a new lease of life. It does not matter what kind of hard disk you have, you can use the Dock Quattro with any 2,5" or 3,5" SATA hard disk.

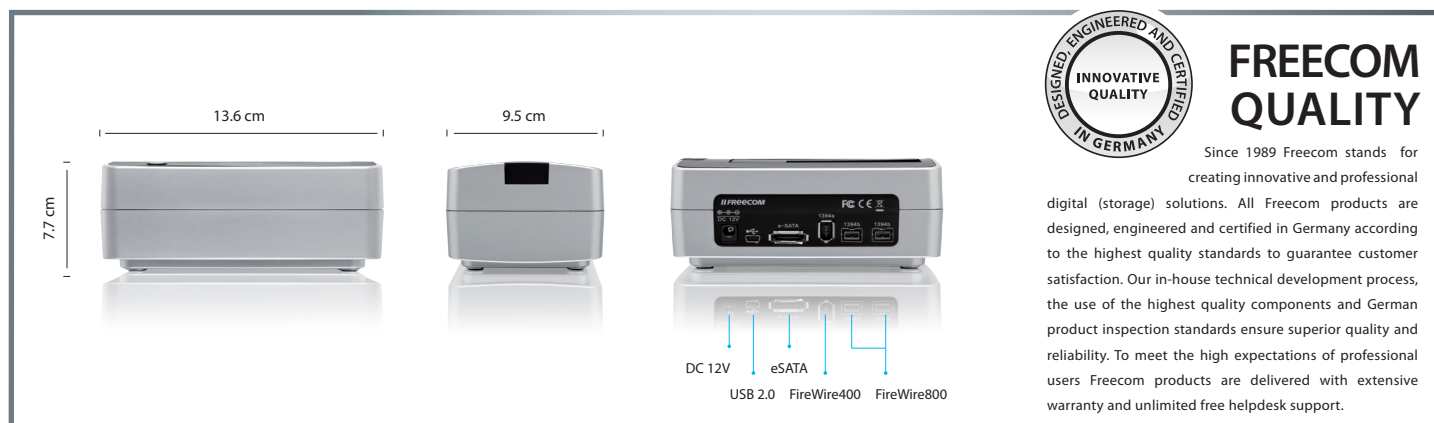

SIMPLE AND EFFICIENT

Simply plug the dock into your computer and insert your hard disk to turn it from an internal disk to an external one. If you want to use multiple hard disks with one dock, simply press the release button and replace the hard drive with another one. The Dock Quattro also comes in handy when you are installing new PC's – using and swapping hard disks has never been easier.

DOCK IN STOCK

The Freecom Hard Drive Dock Quattro is small and convenient to store and is designed to last a life time. It has a USB 2.0, FireWire400, FireWire800 and super fast eSATA connection, so you can use it with both PCs and Macs. Keep it close – before you know it, you won't be able to get by without it!
