

EXPAND Vision 1

EXPAND Vision 1

Conference Camera That Goes Where You Go

Complete your hybrid work setup with the EXPAND Vision 1. This compact, portable USB webcam delivers ultra-sharp video and exceptional voice pickup whether you work from home, on the go, or in an individual office space. Look and sound professional with EPOS Audio™ and a 4K camera optimized to produce the best picture in any light conditions.

Experience effortless video conferencing with two noise-cancelling microphones that ensure you are heard clearly. Adjust the picture quickly and easily in just a few clicks, with control over key settings like field of view, light and color.

Key Benefits & Features

Ultra-high-definition video

Look professional on any video call with the ultra-sharp 4k camera that optimizes the picture based on light conditions

Exceptional voice pickup

Be heard clearly thanks to two omni-directional, noise-cancelling microphones that pick-up the voice instead of background noise

Instant picture control

Find the best picture setting with the smart floating menu that lets users adjust the field of view, light, and color

Quick and easy setup

Set up anywhere in seconds. The integrated mounting clip is designed to fit any monitor and ensures the right position every time

Certified solution

Certified for leading UC solutions including Microsoft Teams and Zoom, providing flawless user experience and trusted stamp of approval

EXPAND Vision 1

-------------------	--

* Higher resolution levels may not be supported by all operating systems or computers.
For optimal performance, users may need to adjust to a lower resolution.

EXPAND Vision 1

Additional Benefits & Features

Guaranteed privacy

Slide the integrated shutter to secure privacy whenever it's needed

Highly portable

Take it anywhere thanks to its compact design. The protective carry case also acts as a storage solution for all components

Streamlined cable management

90-degree angled plug guides the USB-C cable down to avoid interference with other devices and to fit small working spaces

Extra mounting options

If preferred, use the tripod mount with a standard third-party tripod to place the camera next to the screen

Preset fields of view

Switch between three predefined field of view angles with a single click. Select from wide view, default, and close-up

Warranty and support

Two-year warranty ensures the investment is protected. Get access to EPOS Support team for questions and assistance
