Keep Your Data Private, Anywhere

If your employees are handling sensitive business data or customer information, you need to know they have complete privacy, wherever they choose to work.

Privacy screen filters are a quick and simple way to prevent unauthorised viewing. Built for today's work environments, Kensington filters are a multi-purpose tool that go further than just shielding sensitive data from prying eyes.

Integrated anti-glare and blue light filters help make screen time more comfortable, no matter the environment.

Features include:

- Limits viewing angle to $\pm 30^\circ$
- Anti-glare and blue light filters
- Touchscreen compatible
- Effective screen protection
- Two installation options
- Reversible viewing

Limited Viewing Angle

With a $\pm 30^\circ$ viewing angle, our privacy screen filters ensure only the person using the device will be able to see what's on screen.

Anti-Glare and Blue Light Filter

Built-in anti-glare and blue light filters ease eye strain and reduce the chance of natural sleep pattern interruptions.

Touchscreen Compatible

Our privacy screen filters work with laptops and monitors with touchscreen functionality.

Effective Screen Protection

Adds an extra layer of physical protection to your screen, reducing the risk of scratches and other damage.

Two installation Options

Mounting tabs allow repeated removal and reattachment, or adhesive tape for a cleaner look.

Reversible Viewing

One side has a matte finish to reduce glare and fingerprints. The other side is glossy and provides a clearer view of the screen.
