HX Desk Monitor Arm with VHD Pivot

- Protect your investment: Combines a strong monitor arm and very heavy-duty tilt pivot to securely support large, curved monitors.
- Experience immersive viewing: Tilts +20/-5° to work or play comfortably, helping to reduce eye, back and neck strain.
- Compatible with ultra-wide monitors: Designed to support a 57" 1000R curved monitor, like the Samsung[®] Odyssey Neo G9 57".
- Reclaim your space: Replace bulky monitor bases and lift screens above the desktop. Cables stay hidden and out-of-the-way under the arm and through the extension.
- Enables precise screen positioning and display adjustments with a light touch, thanks to Constant Force[™] technology.
- Passes Ergotron's 10,000-cycle motion test for years of trouble-free height adjustment.

DESIGNED FOR ULTRAWIDE DISPLAYS AND CURVED GAMING MONITORS

Enable immersive viewing experiences with the latest screen technology and take back your desk space. The HX Desk Monitor Arm with VHD Pivot gives gamers and office professionals the freedom to move and position ultra-wide curved displays like the Samsung[®] Odyssey Neo G9 57" gaming monitor, bringing flexibility and superior ergonomics to large monitor setups.
