- 2x USB-A 3.2 Gen 1 ports
- 1x RJ45 Gigabit Ethernet port
- Cable management clip included & VESA® 100 mount capable
- Includes USB-C™ cable and AC power cord

The 24-inch USB-C® Docking Monitor with 100W Power Delivery seamlessly incorporates an ultra-compatible Targus® docking station into a 24-inch LCD display to create a clutter-free workspace. Equipped with high-resolution graphics and multiple ports, this docking display is made for productive professionals and offers compatibility with most laptop brands.

No need to fuss with messy wires and extra gadgets, you save valuable desktop real estate with the display's built-in speakers, two microphones and a 2 Megapixel webcam. Plug other essential workspace peripherals like your favorite mouse, keyboard, or external hard drive into one of its 2 USB-A 3.2 Gen 1 ports. Top that off with 100 W power delivery and a comfortable viewing design, and the DM4240EUA is the ultimate dock to keep you connected, powered, and productive.

With fully adjustable height and screen angles, you'll be able to work your display in portrait or landscape mode with full 360° screen rotation while enjoying clear, crisp colors in Full HD 1080p and 178° wide angle viewing. Maximize your workspace experience by adding a secondary display (DM4240SEUZ sold separately), designed specifically for this docking monitor, for uninterrupted streaming across multiple screens. Plus, you'll only need one adapter to power the primary docking monitor, the secondary monitor, and your laptop. For ultimate comfort, try a Blue Light Filter or a 4Vu™ Privacy Screen made to fit your 24-inch monitor (Targus® BlueLight Filter and Privacy screens sold separately).
