

Car Vent Mount

For Device:

iPhone, Samsung, LG, other smartphones up to 5.5"

YOUR NEW CO-PILOT

The Car Vent Mount provides a safe, hands-free way to use your smartphone in the car. Vent Mount fits most large smartphones with screen sizes up to 5.5 inches with a protective case on. This cradle securely attaches your smartphone to an air vent on your car's dashboard for a convenient optimal viewing level—no suction cup or adhesive required. The Vent Mount rotates 180 degrees so you can use your smartphone in portrait or landscape mode.

At a Glance:

- Securely mount your smartphone to your car's air vent
- Rotates 180 degrees for portrait and landscape view
- Low-profile mount works with most car vents
- Adjustable brackets securely hold smartphones up to 5.5" even when in a protective case
- Cable management keeps cable at your fingertips

Package Includes:

- Car Vent Mount

Car Vent Mount

For Device:

iPhone, Samsung, LG, other smartphones up to 5.5"

BENEFITS:

ADJUSTS TO FIT YOUR DEVICE

This versatile, low-profile mount clips easily to most vents, so you can use it in any vehicle. The adjustable brackets expand to fit most smartphones with screen sizes up to 5.5 inches, including the iPhone, Samsung, and other smartphones on the market.

VIEW IN PORTRAIT OR LANDSCAPE

The Vent Mount can be rotated 180 degrees left or right so you can position your smartphone for viewing in either portrait or landscape mode. Portrait mode is ideal for charging, listening to music, and hands-free phone calls, while landscape view makes using your favorite navigation apps easier.

EASY CABLE MANAGEMENT

A cable holder on the back of the mount keeps your phone's connector perfectly positioned for easy access and neatly connected to your device. This also makes it easy to charge your smartphone while mounted using your car's power outlet (car charger sold separately).

CASE COMPATIBLE

No need to take the protective case off your smartphone! The Car Vent Mount is designed to fit smartphones with larger screens but will also accommodate most cases up to 3mm thick.

Available Colors:

- Silver
