*Contains a 20,000 mAh internal battery. Amount of discharge to user's device is less and may vary depending on various conditions. Maximum additional video playback hours calculated by comparing the maximum video playback hours achievable by the iPhone 17 Pro. Actual results will vary depending on varying factors for individual users.

†Data based on internal lab testing. This power bank recharges iPhone 17 Pro from 0-50% in 22 minutes. Actual results will vary depending on varying factors, including device age and usage environment, for individual users.

‡99.99 watt-hours (Wh). Wh calculations are estimates based on nominal voltage and capacity; actual power output may vary.

§Belkin will repair or replace electronic devices damaged by an electrical charge while properly connected to this power bank, up to $2,500US/AU/€2,000/£1,500. Visit belkin.com/cew for details.

**Belkin has sold over 1 billion products globally since 2000.
