

THE LOGITECH MEETING ROOM BFF

Logitech Swytch is the laptop link for meeting rooms empowering users to meet on ANY video conferencing software, webinar platform, or streaming service.

 **THIRD-PARTY CONFERENCING SOLVED**
Swytch provides the best of both worlds, adding flexibility to use the Logitech Room Solution or the user's laptop for other platform meetings.

 **BRING YOUR OWN MEETING ENHANCED**
Swytch removes the clutter to simplify the user experience with a single universal USB Type A+C connector that links to Windows laptops, MacBooks, and Chromebooks.

VIDEO COLLABORATION RE-IMAGINED WITH SWYTCH

- 1 Enter the meeting room, find Swytch connector
- 2 Plug in your laptop, start video meeting
- 3 Automatically take over the room's conference camera, speaker, mics, and displays
- 4 Unplug and the room is ready for the next user

CONNECT TO ANY MEETING FROM ANY ROOM WITH SWYTCH

Join a **Logitech Talk Techie to Me session** or contact your Logitech Account Manager to learn more.
