27" Models — **D** (A to G)
24" Models — **E** (A to G)

Key features

USB type-C: USB-C provides up to 65W power delivery for fast charging, high-speed data transfer, video signals and more. All from one cable.

IPS panel: Preserve color vividness and clarity of multimedia contents across every inch of the screen through 178° of wide viewing angle.

75Hz Refresh rate: The rapid 75Hz screen refresh rate minimizes image lag and motion blur for a smoother display.

AMD FreeSync™: FreeSync keeps the monitor and graphics card refresh rate in sync to reduce image tear and stutter. Videos can be enjoyed without any interruptions as even fast movement scenes look seamless and smooth.

Eco Saving Plus[1]: Eco Saving Plus technology can reduce up to 10% of power consumption when compared with the maximum brightness level by adjusting the brightness of the screen's black sections automatically.
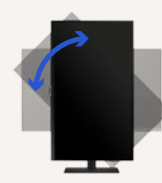

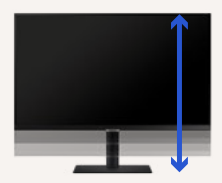

The perfect pose

Swivel	Tilt	Pivot	HAS
		90° to the right	Height Adjustable Stand

3 year warranty

What's in the box?

displaysolutions.samsung.com

All tests and measurements were conducted by Samsung internally.

[1]Based on internal testing data of S80PB, S80TB and T45F monitors only. Testing compared energy usage of these models with Eco Saving Plus mode switched on high setting and switched off. Actual energy savings may vary based on usage conditions, brightness levels, and model selected. Eco Saving Plus is not available in Dynamic Contrast Mode, Game Mode, Eye Saver Mode, or when PIP/PBP Mode is on.
