PREMIUM PERFORMANCE AND MODERN MOBILITY

UNCOMPROMISING PERFORMANCE.

11th Gen Intel® Processors: the latest in computing technology, AI-enhanced 11th Gen Intel® Core™ i7 Processors help you get the most out of your device.

Seamless PC Performance: dual-SSD¹ storage along with discrete NVIDIA® MX450 graphics¹ provides a large storage capacity for heavy files, quicker load times, and improved overall PC performance to get more done.

Multitude of Port Options: today, the nature of work is flexible, and employees need many devices for different tasks. Expand your ThinkBook 14 Gen 2 ITL without hassle via its variety of port options, including Thunderbolt™ 4, HDMI, and RJ45.

Cool Under Pressure: not just pretty, with Intelligent Cooling, it runs smooth as well. It adjusts the system output with a balance of fan speed, thermal performance, and battery life, so you can run demanding tasks without throttling.

PURPOSEFULLY CRAFTED FOR THE MODERN WORKFORCE.

Marvelous Display: ThinkBook 14 Gen 2 ITL features an exceptional Full-HD IPS panel display and 100% sRGB¹ color gamut for vivid images. Navigate between apps and multitask in your unique way on a touchscreen¹ display, while a TÜV Rheinland Low Blue Light certification² along with Eye Care mode filters out harmful blue light for comfortable viewing.

Service Hot Key: access warranty information, self-service options, and more with the dedicated Service Hot Key on the F9 function key. For Premier Support, get access to a personalized service page and warranty details. Raise support tickets, access troubleshoot links, or chat with a virtual agent with one press.

Modern Standby: in Modern Standby mode, always stay connected to the internet and get all your updates instantly, including Skype calls, emails, and IMs.

Intel® WiFi 6¹: the fastest WiFi yet boosts wireless performance so you can stay productive with stable network connectivity, lower latency, greater bandwidth, and significantly faster speeds.

Smart AI features: work distraction-free with AI-based noise-canceling technology that minimizes ambient noise during meetings. You can pick between Private, Shared, or Environmental modes for enhanced conferencing, anytime, anywhere.

REFINED DESIGN THEME.

Dual-tone Top Cover: this next-gen ThinkBook is bold in performance and design. A dual-tone mineral gray top cover makes every impression you make, a good one.

Metal Exterior: top and bottom covers made of Aluminum add robust build quality and the feel of a superior notebook.

Mobile Build: when you are moving around the office or working remotely, slim and lightweight devices earn their worth. ThinkBook 14 Gen 2 ITL is only 17.9mm thick and weighs just 1.5kg, so you are always ready to up and go.

4-side Narrow Bezels: enjoy an impressive view on your notebook that has 5mm-thin bezels and an 85% screen-to-body ratio, giving your display a clean look.

RESOLUTE SECURITY FEATURES.

Smart Power On: a Touch Fingerprint Reader integrated on the power button lets you power on and log in with just a touch while preventing unauthorized access to your system.

All-round Security: ThinkBook 14 Gen 2 ITL always keeps your data and device safe. Hardware and firmware features like fTPM, I/O Port Access Control, Secure Wipe, HDD Password, Self-healing BIOS, and Kensington™ lock slot let you minimize breaches and downtime.

ThinkShutter Camera Cover: maintain camera privacy with a simple flick of the finger. Slide the ThinkShutter close when the camera is not in use.

RECOMMENDED ACCESSORIES

THINKBOOK URBAN BACKPACK PN: 4X40V26080

A multi-functional backpack with an anti-theft pocket ensures security on the move. The padded PC compartment offers cushioned comfort, while the high-quality fabric and stylish PU leather accent add to the contemporary design.

THINKBOOK BLUETOOTH SILENT MOUSE PN: 4Y50X888XX

The ThinkBook Bluetooth silent mouse is modern, low-profile, with an ambidextrous design and silent buttons, making it a must-have premium accessory for your laptop. Sculpted to be comfortable while holding and equipped with a blue optical sensor with track-on-glass compatibility, this mouse works effortlessly even on a glossy surface. Dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400 give you more precision and control.

LENOVO THINKPAD THUNDERBOLT™ 3 DOCK PN: 40AN0135XX

Change the way you work with this universally compatible dock station. Thunderbolt™ 3 gives up to 40Gbps transfer rates, so you don't have to wait for heavy transfers. Support for 5K video stream or multiple 4K displays gives you an edge while multitasking or ensuring quality during creation or collaboration. 65W charging and multiple ports for accessories with one cable connectivity let you expand your workspace and work productively with multiple devices.
