

## CHERRY STREAM PROTECT KEYBOARD

Together, the CHERRY STREAM KEYBOARD and the CHERRY STREAM PROTECT MEMBRANE become the CHERRY STREAM PROTECT KEYBOARD. This means the keyboard offers the ability to be completely wiped clean or even disinfected, but remains very comfortable to type on.

*Models may vary from the image shown*

### The best STREAM of all times – with a high-quality protective membrane

CHERRY and ACTIVE KEY - two success stories combining proven quality and hygienic safety in perfect harmony.

The CHERRY brand stands for uncompromising reliability, durability and maximum comfort in daily use. Millions of CHERRY STREAM keyboards have proven their reliability, and not just in everyday office use. Hour after hour, day after day.

ACTIVE KEY has the highest level of expertise as a leading supplier of hygienic input devices. The specialist supplier in the CHERRY Group develops precise fitting and resistant silicone membranes for the highest hygiene standards in clinical applications.

With frequent and changing use, keyboards can be a reservoir for dirt and germs. On the CHERRY STREAM PROTECT KEYBOARD, dirt and microorganisms such as bacteria and viruses can be simply wiped off the flat and completely enclosed key surface.

The key membrane can be taken off the keyboard for washing and changing. The STREAM PROTECT MEMBRANE thus effectively protects people, the keyboard and the environment.

The STREAM PROTECT MEMBRANE provides hygienic protection wherever a CHERRY STREAM keyboard is already in use, for example in public administration, educational institutions, schools and universities or in shared office environments.

The STREAM PROTECT KEYBOARD follows the design, elegance and sleekness of the CHERRY STREAM product line with the same slim design, high torsional rigidity and stability. Rubber pads and fold-out feet provide the usual firm footing. Sturdy scissor technology and the highly developed haptics of the key membrane ensure the legendary typing comfort of the CHERRY STREAM keyboards.

### Key advantages

**Cleanliness & hygiene:** Easy to clean.

**Productive work:** Unbeatable typing feeling

**Sustainability:** Washable, changeable membrane

**Modern design:** Slim profile

**Maximum ease of use:** 3 integrated status indicators, perfect slip resistance, 10 office & multimedia buttons,

**Highest quality:** Abrasion-resistant key labeling, Cherry SX-scissor mechanism

**Certification:** GS mark, 'Blue Angel' eco-label

### CHERRY STREAM PROTECT For the best STREAM ever!

For the protection of people, the keyboard and the environment.

## Technical specifications

### Layout (country or language):

Product dependant, see table „Models“

### Housing colour:

Depends on product, see „Models“ table

### Key colour:

Product dependant, see table „Models“

### Weight (product):

approx. 910 g

### Total weight (with packaging):

approx. 1100 g

### Cable Length:

approx. 180 cm

### Storage Temperature:

-20 °C bis 60 °C

### Operating Temperature:

0 °C bis 40 °C

### Current Consumption:

typ. 20 mA

### Interface:

USB

### Product approvals:

- cURus
- VDE-GS
- CE
- FCC
- UKCA

### Product dimensions:

approx. 463 x 163 x 18 mm (with feet up: 29,5 mm)

### Packaging dimensions:

approx. 480 x 210 x 24 mm

### Keyboard:

- Degree of protection: spill resistant
- Service life, standard key: > 20 million key operations
- Anti-slip feet: 8 pieces (18 x 4 mm)
- Number of Keys: Product dependant, see table "Models"
- Number of Hotkeys: 10
- Function Hotkeys: volume down, sound on/off, volume up, previous title, next title, play/pause, blocking the PC, Browser, E-Mail program, calculator

### System requirements:

USB connection

### Delivery volume

- CHERRY STREAM KEYBOARD
- CHERRY STREAM PROTECT MEMBRANE
- Operating instructions

### Packaging unit:

Number of products in master package: 10

Number of master packages per pallet: 49

## Data STREAM PROTECT MEMBRANE

### Cleaning methods:

- ❖ Wiping with a soft cloth or a soft brush in combination with soap and water or a commercial dishwashing detergent.
- ❖ Wipe disinfection according to the guidelines of the Association for Applied Hygiene (VAH list) or with comparable, commercially available disinfectants.
- ❖ Removing the silicone membrane and separate cleaning with soap and water or a commercially available dishwashing detergent.

### Important instructions for use:

- ❖ We recommend using nitrile gloves (instead of latex). This reduces the risk of allergies and avoids yellow discoloration of the product due to abrasion of the latex.
- ❖ Cleaning agents based on mineral oil (e.g. petroleum spirits) must NOT be used for cleaning.
- ❖ Greasy products such as hand creams or lipid replenishing balms reduce the service life of any silicone product. Regular cleaning will counteract this process.

## Warranty:

We put a lot of dedication and hard work into the development of our products and we are proud of their quality. This is why, in addition to the statutory guarantee mentioned in the operating instructions, we are granting an expanded manufacturer's guarantee that is subject to the conditions stated below. For the first two years after delivery, the statutory warranty applies. In the third year after delivery, CHERRY voluntarily grants an additional warranty according to the following conditions ("extended warranty"). In the event of a defect, please contact the seller of your CHERRY product. Do not carry out any repairs on your own and do not open the product. There is no warranty if unauthorized changes to the product cause a defect.

### Conditions for the extended warranty

In the case of a defect after the first 2 years after delivery of the CHERRY product, CHERRY grants its customers for the additional period of one year the right to assert claims for cure, i.e. demand that the defect is remedied or a thing free of defects is supplied. The extended warranty is to be asserted against the seller of the CHERRY product upon presentation of the original invoice, proof of purchase or a comparable proof of the time of purchase.

CHERRY, and the seller of the CHERRY product, where applicable, shall remedy the defect in the event the customer has justified claims for cure under the terms of the extended warranty.

Excluded from the extended warranty are damages caused by improper use, in particular by the effects of chemical substances, other damages caused by external influences, as well as normal wear and tear and optical changes, in particular discoloration or abrasion of shiny areas. Also excluded from the extended warranty are accessories and other parts which are not an integral part of the purchased item.

**Errors, technical changes and delivery possibilities excepted. Technical information refers only to the specifications of the products. Features may differ from the information provided.**
