

# HP OfficeJet Pro 9130b All-in-One Printer

Manage printing like a Pro.

The professional colour inkjet printer for distributed offices/hybrid workforce from the World's #1 Printer Company, paired with our best technology to help manage it all. This streamlines work into any network with extra performance features.<sup>1,2</sup>

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
