

Kensington Lock 2.0 - Super-strong, steel composite cable

PCPE-KENLOK2

Locks into the standard Kensington security slot found in 99% of notebooks, and many flat panel monitors, CPUs, projectors, printers, docking stations, tablet PCs and other devices.

Key Features

Super-strong, steel composite cable with carbon tempered steel core

Built-in tamper evident feature to detect unauthorised use

Patented T-bar lock provides superior lock strength and theft protection

Easy to install and use in the office or when travelling

Sleek styling and design won't block notebook ports or lift a notebook off the desk

PCPE-KENLOK2
