

## Office Keyboard wired

00173058 "CK-400" USB Keyboard, Illuminated, Cabled, black, QWERTZ DE

### Highlightstext:

- The straightforward standard keyboard for every occasion: the cabled USB keyboard is immediately ready to go as a computer keyboard or external keyboard for a laptop - for effortless working at any time of day or night
- More productive with artificial intelligence: Assist button activates the cross-program AI assistant
- Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds
- Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings
- Enable and disable the FN lock easily: swap the primary and secondary assignment of the F1 to F12 keys - so you can use the multimedia functions directly via the F-keys, for example, without having to keep the Fn button pressed too
- The brightness of the illuminated keyboard can be dimmed and ensure optimised handling in the dark, ideal for spontaneous ideas and quick notes at any time
- Ergonomic typing feeling: the folding feet allow the typing angle to be adjusted - for non-slip, comfortable working at the computer keyboard
- For a pleasant typing feeling: the keys on the PC keyboard are concave in shape, allowing the fingertips to sit comfortably on them and move them effortlessly while typing
- Simply unplug and replace: thanks to the standardised USB connections for the keyboard and cable, if there is a fault with the cable, simply replace it quickly and easily without having to dispose of the entire keyboard
- Quick and tidy: hook and loop cable ties allow for easy cable management at the desk without tangled cables
- Turning old into new: the housing and buttons of this product are made from 80 % verifiably recycled ABS plastic
- Full size with all functions: the 100% keyboard with number block meets all the requirements for the office and home office
- Laser-printed keys on the USB keyboard ensure excellent wear resistance
- Unplug and plug in to the keyboard: thanks to the USB plug and strain relief, the keyboard cable can be unplugged and reconnected in a flash - avoiding cable breaks and ensuring tidy storage and transport
- Plug in the USB cable and start typing - simply plug and play
