ClickShare

Welcome to ClickShare Conference

To start
your remote meeting:

- Plug the Button into your laptop
- Join the call from your laptop
- You are now using the camera and the audio system from the room!

Everything should connect automatically. If problems do occur, check the audio & video settings of your conferencing tool (see other side)

Did you know?

Quick button: push on the new quick button and discover additional functionalities
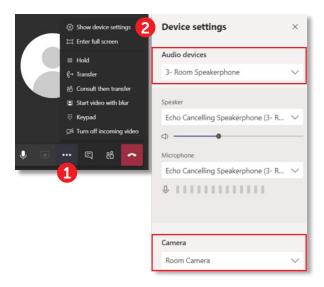

Did you notice how fast the Button loads?
