

# MAUL Whiteboard 2000 MAULpro, Enamel

- **The best in terms of stability, functionality and quality**
- **Enamel surface: extremely scratch resistant, non-wearing and ecologic**
- **Durable: 30 years guarantee on the surface if used in proper way**
- **Made in Germany, conform to regulations**
- **Brilliant: Stability of metal combined with the hardness and wear resistance of glass covering**
- **Convenient: easy to clean, resistant against acid and base, protected from oxidation**
- **Low weight, easy mounting: easy adjustment up to 6 mm after mounting by means of patented MAUL eccentric elements**
  
- Several uses: suitable for magnets, writable and very good dry-wipe
- Landscape or portrait
- Highest stability: strong silver anodised aluminium frame, thickness approx. 1,3 mm
- Strong magnetic adherence: very thick steel surface on stable sandwich kernel
- Wall friendly: air can circulate between wall and board
- Slideable plastic tray
- Can be used as flipchart: economic upgrade with discreet flipchart pad holders (Art. No. 638 73 84)
- Can be recycled to 98%, low emission production in our national plant
- Safe and ecological packaging, shipping box including mounting material
- Colour code refers to tray, other colour version see Art.-No. 630 79
- A large choice: many sizes also with cork, fabric or structured surfaces available
- Lead time for larger sizes from 120 x 180 cm: 10 days
