

## Card Reader

00181056 "Basic" USB 2.0 OTG Cardreader, SD/microSD, black

### Highlightstext:

- OTG cardreader for direct data exchange between memory cards and smartphones, tablet PCs, PCs, notebooks
- Compact OTG cardreader for all standard SD cards like SD/SDHC/SDXC and microSD/microSDHC/microSDXC
- Universally usable thanks to the USB plug (type A) and USB micro plug (type B) combination
- USB plug (type A) for PCs and notebooks
- USB micro plug (type B) for smartphones and tablet PCs
- Especially suited for host/OTG compatible smartphones and tablet PCs thanks to the USB micro connection (type B)

### System Requirements:

- Operating system: Windows 10/8/7/XP and MAC OS 9.x or higher
- Host/OTG compatible smartphones and tablets with Android operating system as of Android 4.0 and a micro USB interface

### Note for Consumers:

Never use both connections simultaneously. To make sure that the card reader functions correctly only use cards with a FAT32/exFAT format. Please refer to the product information provided by the respective manufacturer to see whether your terminal device is OTG compatible.

You will find the operating instructions for the card reader at [www.hama.com](http://www.hama.com) under item number 00181056.
