

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

GRS Patch Cable RJ45 S/FTP Cat6a

Article number: see below

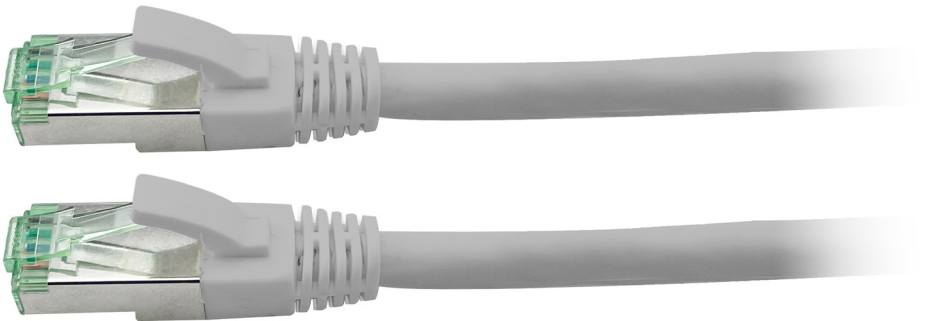

These Articona cables meet the highest requirements for network cables. They are manufactured and certified according to the Global Recycled Standard (GRS). Composed of a Cat. 7 raw cable with AWG 26 copper conductor and with a flexible sheath made of recycled TPE material, these cables meet the demanding GRS certification. They can be used for both fast data and Poe power transmission. The cables are halogen-free.

Highlights

- GRS certified network cable made of more than 50 % recycled material
- Flexible, halogen-free outer jacket made of recycled TPE
- Cat. 7 raw cable with inner conductor made of copper AWG 26
- Cat. 6a RJ45 plug
- PoE support for PoE/PoE+/PoE++
- With locking tab protection and length indication on the plug

Specifications

Product type	Patch cable (RJ45)
Cable category	Cat6a
Shielding	S/FTP (PiMF)
Pin assignment	Straight-through
Class	Price / performance
Connector manufacturer	ARTICONA
Halogen-free	Yes
Special features	Very flexible
Standards	Global Recycled Standard (GRS) - TPE/PE/PVC
