00125145 "Disc Tip" 4-in-1 Input Pen, Pen for Tablet & Mob. Phone, Precise, Univ.

Highlightstext:

- A tablet pen for all pressure-sensitive and capacitive touch displays, including on mobile phones: precise writing and drawing on touch screens, fluid navigation thanks to conductive fabric tip and classic writing on paper
- One tablet pen, many functions: the compact 4-in-1 input pen for tablets combines various stylus functions and pens for tablets, smartphones etc. in a practical format
- Precise disc tip: the transparent Disc Tip pen tip is particularly flexible and offers maximum precision when writing, sketching and drawing on your tablet and mobile phone
- Write, type and scroll smoothly, even at an angle: the soft mesh pen tip is perfect for all capacitive displays such as on smartphones and tablets
- For pressure-sensitive displays: mechanical input tip for convenient operation, e.g. on bank and vending machines, payment devices or handheld terminals - touchscreen pen for digital signatures
- Integrated ballpoint pen for quickly taking notes on paper
- Attach, replace, continue working: the two pen caps fit on both ends of the tablet pen - simply attach as required, write, draw and change in a flash
- Practical protection: the ballpoint pen and Disc Tip pen tips are perfectly protected under the magnetic pen caps
- Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
- Disc tip with tilt detection: with different angles, use thick and thin lines, shade and use other effects
- Strong stuff: robust metal housing with high-quality stove enamelling
- Balanced weight: pleasant writing sensation and stable grip - just like a premium ballpoint pen
- Slimline, elegant design - ideal for school, office and on the go
- Prevents fingerprints on the screen
- Compatible with all common capacitive devices such as smartphones, tablets and computers
- Also suitable for card machines, catering, bank and information counters, administration, etc.
- No battery or Bluetooth required - immediately ready for use

Technical characteristics:

- Colour: Black
- Line: Essential Line
- Productline: Essential Line
- Shade of colour: Black
- Material: Aluminium
- Model: For Capacitive Display
- Length: 116 mm
- Recommended Use: Tablet

Delivery:

- 1 "Disc Tip" 4-in-1 input pen
