

Desk divider MAULconnecto

- **Acoustic partition wall for improved room acoustics and visual protection**
- **Good sound absorption: Reduction of the noise level, more sound insulation, thus better concentration and less distraction**
- **Made in Germany: Sustainable and responsible manufacturing, 5-year warranty**
- **Environmentally friendly & allergy-friendly: Certified according to ÖKO-TEX® Standard 100 class 1, 100% PES fibres (polyester fibres), 20% of which are recycled, formaldehyde-free, odourless, flame-retardant according to DIN 4102 (B1)**
- **Stable mounting: Two clamping feet made of robust steel for desk tops up to 7,5 cm**
- **Elegant aluminium profile, thick acoustic fleece (4000 g/m²), with high dimensional stability**
- **Sound insulation at a desk, in team offices or call centres, for modern office concepts or in a home office**
- Suitable for the movable wall systems MAULcocoon and MAULconnecto
- Open space solutions: creates concentration areas with noise protection, privacy spaces and visual protection
- Ideal for height-adjustable desks: holds firmly while height is adjusted, divider height is maintained
- Frame thickness 44 mm, 40 mm-thick acoustic fleece
- Good visual protection: distance to desk top approx. 7,5 mm
- Colour specification refers to the frame
- Environmentally friendly packaging from recycled cardboard
- Guarantee: 5 years
