

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

Combination Lock 4.5 mm

Article number: 528104

Implement this ARTICONA combination lock to protect your company technology. The security lock is suitable for two devices with a Kensington locking slot. The robust 4.5 mm steel cable can be angled by up to 90°, which enables an even better placement of the safety system. The lock fits into all common notebooks, LCD projectors, TFT screens, CPUs, scanners, etc. if a Kensington security slot is available.

- 4-digit combination lock
- Lock head rotates 360
- For notebooks, projectors, monitors, etc.
- Lock head diameter: 20 mm
