

0054117 "USB" Notebook Combination Lock

- For protecting notebooks and other devices with a USB socket against theft
- Safety cable made of sturdy carbon steel, covered with protective plastic
- Hook and loop cable tie enables good cable management without tangled cables
- Suitable for all devices with a USB-A socket
- Specially designed for convertibles and ultrabooks without security slot
- 4-digit code for 10,000 possible combinations
- 5.5 mm diameter for protection against theft

Note for Consumers:

This notebook lock has been designed for use on USB sockets that comply with the USB specification. If a USB socket on particularly compact devices has a special design it may happen that there are no mechanical recesses. A notebook lock, however, needs these recesses to lock safely. The function of the lock may therefore be restricted on such devices.

Technical Details:

- Material: Steel/Synthetic Material
