

DisplayPort to HDMI Video Adapter Converter - M/F

Product ID: DP2HDMIADAP

The DP2HDMIADAP DisplayPort® to HDMI® Adapter provides a DisplayPort male and HDMI female connector, allowing you to keep your existing (HDMI) display while using a DisplayPort video card/source.

Supporting display resolutions of up to 1920x1200 (computer)/1080p (HDTV), this cost-effective solution maintains the incredible graphical performance offered by DisplayPort, while eliminating the cost of having to upgrade your HDMI-capable display to a display with built-in DisplayPort support.

DP2HDMIADAP is a passive adapter cable that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

This adapter allows for audio pass-through if supported by the video source. Please review the video source manual to confirm support.

Backed by a StarTech.com 3-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- The DisplayPort® to HDMI® adapter allows for an easy and hassle free connection to any HDMI-enabled display

Features

- Supports PC resolutions up to 1920x1200 and HDTV resolutions up to 1080p
