

Singlepack Magenta 27XL DURABrite Ultra Ink

Epson's DURABrite Ultra Ink is ideal for producing laser-like, business documents. Thanks to its all-pigment ink system, documents are water, smudge and highlighter resistant and its quick-drying properties make it perfect for duplex printing.

Reduce your printing costs with XL inks

DURABrite Ultra Inks are available in standard and XL sizes, with page yields displayed clearly on each pack.

Epson offers a choice of standard or extra large (XL) ink cartridges across its latest ink ranges. XL inks are ideal if you print high volumes and can help you reduce your business printing costs by up to 25%¹. Print up to 2,200 pages² with the high-yield, XXL black ink cartridge.

Save money with individual inks

Epson's individual inks give you further savings as you only need to replace the colour used.

Epson inks are optimised for Epson printers

Epson inks and papers have been developed to work hand-in-hand with Epson printers to produce the best results time and time again.
