SKU: SFLDG01KL

PRODUCT DESCRIPTION

Compatible with Microsoft Surface Pro / Surface Go Tablets.

The Patent-pending Ledge Lock Slot Adapter for Surface Tablets is the world's slimmest security cable lock adapter exclusively designed for Microsoft tablets. To protect against theft, the Surface Security Lock has been custom-designed and manufactured.

The slim design of this extremely secure lock slot adapter makes it ultra-lightweight. The proprietary design does not require any adhesive or alteration to the body of the Surface and it does not affect any of the device's functionalities.

The non-invasive Surface Tablet Lock slot can be quickly and easily installed on both the left or right side of the Kickstand, and as easily removed. The inner protective rubber layer protects your Surface from scratches while the aluminum casting makes it durable and resistant.

Included in the scope of delivery is a cable lock with 2 keys.
