## DATA SHEET

# LOGITECH ROOM SOLUTIONS FOR GOOGLE MEET

Enable Google Meet™ video collaboration rooms in no time. Logitech® Room Solutions certified for Google Meet are available in small, medium, or large configurations with accessories that suit all types of settings. Features like AI enhancements, easy content sharing, always-on readiness, and center of room control empower users to share their best ideas naturally, from anywhere.

## CERTIFIED VIDEO CONFERENCING FOR MEETING ROOMS

Bridge the gap between in-person and anywhere else with Logitech Room Solutions, certified for Google Meet. The Logitech MeetUp and the Rally family of products deliver a powerful video collaboration experience for your meeting rooms. With brilliant optics, motorized pan and tilt cameras, and room filling audio that capture everyone in the room, video meetings are just as natural and productive as face-to-face collaboration.

Turn meeting rooms into Google Meet video collaboration spaces with one-touch join, wired and wireless content sharing, and center-of-room control. Each room solution comes with everything you need including a Logitech conference camera, a Google Meet compute system, and a Logitech Tap touch controller. You can add the Tap Scheduler as a bonus to complete your meeting room.

# VIDEO ENABLE EVERY ROOM

## SMALL

With an ultra-compact form factor, Logitech MeetUp is easy to install in phone rooms and small spaces. Or step up to Rally Bar Mini for premium audio and video quality, plus AI-powered features like RightSight autoframing. Place Logitech Tap on the table, or add a wall mount to save even more space.

## MEDIUM

As rooms get bigger, tables grow longer and people sit farther away from the camera. Choose from the all-in-one Logitech Rally Bar or the modular Rally System. Both solutions offer a premium conferencecam with an advanced ultra-HD camera that scales to support a wide range of room sizes and layouts.

## LARGE

The large configuration features the expandable Rally Plus System with two speakers and two mic pods for crystal clear audio throughout the room for up to 16 people. The system supports up to 7 mic pods for rooms with up to 46 seats.

## FEATURED PRODUCTS

### RALLY BAR MINI

All-in-one video bar with built-in AI enhancements for small rooms

- Razor-sharp optics with 4X HD digital zoom and motorized pan and tilt lens provides expansive room coverage
- Ultra-low distortion speakers deliver crystal clear sound
- AI Viewfinder for enhanced RightSight™ auto-framing
- Add up to two Rally Mic Pods to extend audio coverage

### RALLY BAR

The premiere all-in-one video bar with built-in AI enhancements for midsize rooms

- Lossless image quality up to 5X optical zoom, digitally enhanced to 15X total zoom
- Large, ultra-low distortion speakers for room-filling sound
- AI Viewfinder for enhanced RightSight auto-framing
- Add up to three Rally Mic Pods to extend audio coverage

### RALLY PLUS SYSTEM

Premier modular video conferencing system for large rooms.

- Customizable for large rooms of virtually any size or shape
- Brilliant optics up to 5X optical zoom, digitally enhanced to 15X total zoom
- Two Rally Speakers and two Rally Mic Pods (extensible up to seven) ensure every voice is clearly heard

### MEETUP

All-in-one conferencecam with ultra-wide lens and compact form factor for small rooms. Supports 1 optional expansion mic.

### RALLY SYSTEM

Modular video conferencing system for midsize rooms. Offers 5X optical zoom, digitally enhanced to 15X total zoom. One Rally Speaker and one Rally Mic Pod (extensible up to seven).

### LOGITECH TAP

Included with room kits. Touch controller for workplace collaboration

- Responsive 10.1" touch screen
- Fan-free for silent operation
- Commercial-grade Cat5e cabling (10m included, 40m max) with cable management
- HDMI input for local projection

### TAP SCHEDULER

Optional scheduling panel for meeting rooms

- 10.1" touch display
- Anti-fingerprint oleophobic coating
- Flat angle for accessibility
- Flush-mounted 31.4 mm from the wall
- Availability lighting

## OTHER COMPONENTS

### GOOGLE MEET COMPUTE SYSTEM

Included with room kits, this small footprint compute system is Google-approved and ready to use. Magnetic mounts include upright desktop stand, VESA wall mount, and Logitech PC mount with cable retention.

### MEET COMPUTE SYSTEM MOUNT

Secure Meet compute system and cables to walls and beneath tables with integrated cable retention.

### RALLY MOUNTING KIT (FOR RALLY SYSTEM)

Includes wall mounts for the camera and both speakers, plus mounts with cable retention for the display and table hubs. Included with the medium and large room configurations.

### RALLY MIC POD HUB

Connect up to three Rally Mic Pods for hub-and-spoke layouts and to minimize cabling. Included with the large room configuration.

## ACCESSORIES

### TV MOUNT FOR MEETUP

Securely attach MeetUp to your TV or monitor.

### TV MOUNT FOR VIDEO BARS

Float Rally Bar Mini or Rally Bar above or below a TV or monitor for a sleek installation and minimal footprint.

### EXPANSION MIC FOR MEETUP

Extend the microphone pickup range and add convenient mute control for small room configurations using MeetUp.

### RALLY MIC POD

Expand audio coverage and provide convenient access to mute controls. Compatible with the Rally Bar, Rally Bar Mini, and Rally System in the medium and large room configurations. Available in graphite or white.

### RALLY MIC POD MOUNT

Hide cables and anchor Rally Mic Pods on the table or ceiling for a clean, finished look. Available in graphite or white.

### MOUNTS FOR LOGITECH TAP

Place the Logitech Tap touch controller on the tabletop, or add a mount for better security, convenience, and cable management.

The Table and Riser mounts fit in standard grommet holes and swivel 180° for operation from both sides of the table. The Wall Mount saves space in smaller rooms.
