

## Presenter

00139919 "Spot Pointer V2" Presenter, Dig. Laser Pointer, Spot Illumination, Magnifier

### Highlightstext:

- Dynamic presentation with digital laser pointer, spot illumination and reading magnifier
- Direct the audience's attention: You can move the point of the laser pointer digitally in your presentation using the remote control
- Spot-on: With the spot illumination function, you can highlight important information
- Set the focus: Handy magnifying glass function enabling you to enlarge details, such as tables, maps, etc.
- Usage made easy: Using the three buttons on the presenter, easily scroll forwards and backwards through slides and change display option
- Everything you need: the SD card in the dongle contains the software needed and offers additional storage space for your presentation
- Presentation on time: You can set a timer for your presentation, with the remaining time appearing on the presenter's display
- Fast charging within 2 hours
- Long-term companion: The presenter has an integrated rechargeable battery and can be used for up to 3 months
- Ideal for Powerpoint presentations with graphics and calculations, for example in customer discussions, pitches or at product presentations
- After installing the software via the dongle, the presenter can be used straight away
- The presenter does not compress the light, but rather displays the point digitally, which means that - unlike optical lasers - there is no danger to the eyes
- A double-click on the presenter's main button: flexibly toggle between the laser pointer, magnifier and spot illumination
- Range of up to 20 metres guarantees freedom of movement during the presentation (depending on ambient conditions)
- Adaptation of the pointer colour, magnifier size etc. via the software
- When the battery level is low, the integrated display shows a warning
- The timer can be conveniently started via the presenter and indicates with vibration when the time has elapsed

### System Requirements:

- Operating system: Windows 11/10/8/7, MAC OS 10.10 or later

### Note for Consumers:

To be able to use all of the presenter's functions in full, you should install the associated software. You will find this on the enclosed USB dongle and at [www.hama.de/00139919](http://www.hama.de/00139919).

### Technical characteristics:

- Colour: Black
- Shade of colour: Anthracite
- Connection: Wireless
- Connection: USB-C-Connector, USB-Typ-A-Plug
- USB Standard: USB 2.0
- Range: 20 m
- Material: Plastic Material
- Height: 2.2 cm
- Length: 13 cm
- Width: 3.5 cm

### Delivery:

- 1 Spot-Pointer presenter
- 1 dongle incl. built-in card reader
- 1 micro-SD card (2 GB) incl. software
- 1 USB-C cable for charging the presenter
