USB-C® 11-in-1 Pro GaN Dock 150W

🍃 Product made with recycled plastic*
100% plastic-free packaging

Create an instant power station using faster, more efficient GaN technology. This 11-in-1 dock is ideal for businesses and productive professionals, supports up to three extended displays (see resolution chart for more details), and has a compact design for a cleaner work setup. Take advantage of double-digit ports without a bulky power brick to carry – just one cable goes from your outlet to the dock.

Product Benefits

- 11-in-1 docking solution offers multimedia connections for power, data, storage, video, audio, and Ethernet through a single USB-C cable connection, eliminating the need for extra dongles and adapters
- Supports up to three external monitors‡: Single display up to 8K@30Hz/4K@120Hz, dual and triple display each up to 4K@60Hz
- Integrated 150W GaN chip with built-in power supply§
- Up to 10Gbps data transfer speeds to upload image/video files with less lag time
- Compact and versatile design to fit your workstation whether at home or in the office
- Protected by Belkin 6-point safety system featuring fire-resistant housing materials and tested to protect against overvoltage, over-current, over-temperature, short circuit, and overload
- 2-year warranty

The Belkin Connect Family Characteristics

- One-cable solution to connect essential peripherals to a laptop, computer or other host device
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown

The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data, to docks and hubs that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin Difference

- Pioneer in innovation and technology for 40 years
- Extensive testing procedures guarantee quality and durability
- Our docks and hubs undergo over 120 quality tests to keep your devices safe
