

Night Light

00223498 LED Night Light with Socket, 2 USB Outputs, Motion and Light Sensor

Highlightstext:

- Energy-saving LED night and orientation light with twilight sensor, integrated 2-port USB-A charging function and socket with increased contact protection for use in children's rooms, hallways, basements, etc.
- Night light reacts in darkness to movement and switches itself on automatically
- with 2 integrated USB-A sockets: ideal for all devices that are charged and operated via USB, e.g. tablet, smartphone, power pack, console
- Simple, energy-efficient, safe: connect the night light to the socket, low energy consumption thanks to LED that does not get hot
- Electronic devices can continue to be connected thanks to integrated socket, meaning no socket is lost
- With increased touch protection to avoid accidental contact
- The LED night light detects movements in the dark at a detection angle of approx. 120° at a range of 2.5 m
- Connections for the simultaneous power supply of additional electronic devices via an integrated socket and 2 additional 2.4 USB connections (Twin Power)
- The energy-saving night light for indoor sockets lights up for approx. 30 seconds after activation by movement
- The light is daylight white (18000 K) and has a very low consumption: approx. 0.3 W

Technical characteristics:

- Light Colour: White
- Product Division: Home & Living
- Power connector plug type: Plug with Earth Contact, Type F (CEE 7/4)
- Frequency: 50 Hz
- Maximum Connected Load: 3680 W
- Operating Voltage (AC): 230
- Additional Functions: 30 Sec. burn time, Max. 2,4A USB, Motion Sensor, Socket with child safety, Twilight Sensor, USB-A charging port
- IP protection class: IP20 (Dry Rooms)
- Illuminant: LED
- Life: 30000 h
- Light color / color temperature: Daylight – 18000 K
- Own consumption night light max: 0.3 W
- W x H x L: 8.5 x 8.5 x 7.5 cm

Delivery:

- 1 night light
- 1 operating manual
