# ScreenForce™ UltraGlass 2 Treated Screen Protector

## The Belkin ScreenForce Family

Maximum protection concentrated into the thinnest possible element. ScreenForce is engineered to look and feel like the phone screen it protects, preserving clarity and touchscreen sensitivity for a barely there experience. Beneath the tactile, glass-like surface, this hard-hitting protector provides impact protection, scratch resistance and enhanced durability to deliver long-lasting, resilient screen protection.

## The Belkin ScreenForce Family Characteristics

- Provides impact protection by absorbing shock of impact to protect phone screen
- Multi-layer composition provides enhanced durability
- Tested using optometric standards to provide best-in-class crystal clarity
- Tested according to the pencil hardness test for superior scratch resistance
- Super-thin design provides protection without bulkiness
- Intelligent materials preserve touchscreen sensitivity
- Glass composition provides a tactile response that feels like the natural screen
- Precision-cut by machine to cover the maximum screen area for longer-lasting protection
- Anti-fingerprint coating repels dirt and smudges
