Work-oriented device for modern professionals

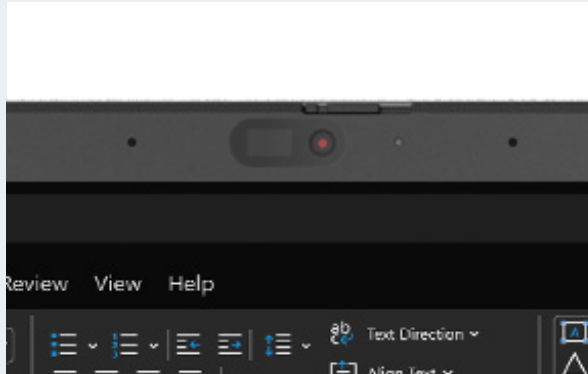

Lenovo

The Lenovo ThinkPad E14 Gen 5 is a device that engages employees to accomplish daily tasks with focus and ease. Built with a powerful processor, this device propels productivity while ensuring the device runs all day, every day. Smart features further enhance UX, improving business and employee efficiency.

Optimized performance meets portability

A true business-grade device, the ThinkPad E14 Gen 5 celebrates the ThinkPad legacy with features that drive performance and productivity. The **AMD Ryzen™ 7000 Series processor** instills extraordinary power. With a starting weight of **1.41kg** and a thickness of 17.99mm, this device offers portability for modern, on the go professionals. The powerful AMD Ryzen™ processor combined with **integrated UMA graphics** unleashes exceptional performance. Up to **40GB DDR4** memory helps you multitask while maintaining system responsiveness. Up to **1TB dual SSD** storage allows running multiple apps simultaneously without the system ever slowing down. The **57Whr** battery powers the device to perform optimally for longer hours.

Maximized security and reliability

Securing sensitive business and personal data is paramount. ThinkPad E14 Gen 5 comes with multi-layer security features. **Kensington™ lock slot** ensures your device stays physically protected against thefts. **Camera Privacy Shutter** offers a simple way to remain guarded against prying eyes while optional **discrete TPM (dTPM)** encrypts data, locking it away. Microsoft Power Automate on **Windows 11 Pro** automates routine tasks for smoother daily workflow. With **Modern Standby**, the device gets a faster wake from sleep and the ability for Windows to run tasks in the background, even when the device is in sleep mode. ThinkPad E14 Gen 5 features an upgraded trackpad designed for increased user comfort. The 115 x 56mm glass surface touchpad makes navigation smooth and is 13% bigger than the previous generation touchpad. ThinkPad E14 Gen 5 meets the ultra-demanding **MIL-STD 810H** standards for reliability and durability, undergoing several stringent tests in harsh environments.

Improved visual and seamless collaboration

ThinkPad E14 Gen 5 laptop boasts increased screen real-estate with a **90.4% Screen-to-Body Ratio**, with narrow bezels aiding a more wholesome viewing experience. The Full-HD IPS display further enriches the visuals. Experience enhanced audio quality with the dual array mics. Additionally, the panel comes with **TÜV Low Blue Light certification** and **Eye Care** mode, which means it meets high standards for eye comfort and minimizes eye strain. Up to **FHD IR Hybrid camera** provides clear and stable video output for smooth conferencing. **Lenovo Smart Appearance** helps you enhance camera effects to protect your privacy and improve your personal appearance, especially for video conferencing. **Intelligent noise cancellation** reduces distractions and enhances the overall meeting experience. The **two USB 3.2 Type-C** connectors enable standardized high-speed and high-power signal transfer. Connect to multiple peripherals while expanding the potential of your device with other port options, including **two USB 3.2 Type-A, HDMI 1.4, and RJ45**. Up to **Wi-Fi 6E** offers superfast connectivity even in congested networks.

Recommended accessories

Lenovo Go USB-C Wireless Mouse
PN: 4Y51C21216

Designed to complement the lifestyle of ultrabook users, the Lenovo Go USB-C Wireless Mouse is crafted for superior portability and comfort. With a blue optical sensor that works on most surfaces and USB-C connectivity, it is ready to thrive in a dynamic workplace. Its ultra-long battery life and programmable utility button ensure it is capable of any task and ready to be used at a moment's notice.

Lenovo Go USB-C ANC In-ear Headphones
PN: 4XD1C99220

The Lenovo Go USB-C ANC In-Ear Headphones are designed to deliver a clear voice and maintain productivity while on the go. Not only do these headphones produce superior sound, but they also feature 3 microphones that ensure a clear voice for calls. Lightweight, highly portable, and perfectly comfortable, the Lenovo Go USB-C ANC In-Ear Headphones also offer a multi-functional control box for easy-of-use.

ThinkPad Essential 16-Inch Backpack (ECO)
PN: 4X41C12468

The ThinkPad Essential 16-inch (40.6cm) Backpack (Eco) is a refresh of Lenovo's popular essential backpack - with an eco twist. Engineered to provide unmatched value for those on a budget, it is perfect for work, play, and everyday life. With a 16-inch padded notebook compartment, ample internal storage space, and two additional front zipper pockets, users will enjoy plenty of room for all their essentials.

Recommended services

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkPad investment—so you can focus on your work, not your IT.

Premier support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty extension (1-year base warranty)

This fixed-term, fixed-cost service helps you accurately budget for device expenses, protect your valuable investment, and lower the cost of ownership over time.
